Mr. Poulos,

The House and Senate Oversight Committees have been holding hearings looking into the 2020 primary and general elections. Since the election, there have been a number of claims and accusations regarding Dominion's software and the results of the 2020 election.

On November 23, I sent you a letter inviting you to join the House Oversight Committee so that we could get answers to the many questions that we have regarding the potential issues that occurred on Election Day. I have not received an answer to my request. I am writing again to request your appearance before the House Oversight Committee so that we can further investigate Dominion's role in the election.

To help our constituents, committee members, and colleagues better understand the election software, and get to the bottom of any of the issues that arose on Election Day related to the software I am hopeful that you would agree to appear and speak with us. We are able to accommodate testimony via Zoom, so scheduling such an appearance should not be too burdensome.

Finally, if Dominion chooses to ignore this second request to come before the committee I am prepared to seek legislative subpoena power to compel your appearance before the House Oversight Committee. I am hopeful that it would not come to this.

I am looking forward to hearing from you.

Sincerely,

Matt Hall  
State Representative
