8:46 AM - 9:01 AM	<p>Sheriff Mark Lamb</p> <p>8:46 AM - 9:01 AM</p> <p>Mark Lamb is the Sheriff of Pinal County, Arizona, the creator of American Sheriff Network, author of "American Sheriff," and a frequent media guest.</p> <p>Sheriff Mark Lamb was born and raised in Hawaii, but his roots are firmly planted in Chandler, AZ where he graduated from Chandler High School in 1990. After owning several businesses and then moving back to his hometown of Chandler, he became a police officer for the Salt River Pima Maricopa Indian Reservation.</p> <p>During Academy, Lamb was valedictorian of his Academy class. He went on to become Rookie of the year as an officer. In the subsequent years, Lamb was named Officer of the Year and then Detective of the Year. He served on the SWAT Team and was a very successful gang and drug detective who, alongside federal and local partners, took down some of the most dangerous gangs operating off of the reservation. Lamb later moved to the Pinal County Sheriff's Office as a deputy.</p> <p>His love for his country, the Constitution, and the people of Arizona compelled him to run for Sheriff, which he did successfully in 2016. He has loved every minute of being Sheriff.</p> <p>During his first term, Sheriff Lamb has been able to accomplish all he set out to do and more, due to cooperation with the other County leaders, command staff, and fantastic deputies. He is a proven advocate and proud supporter of our Constitution and will continue to publicly defend it.</p> <p>Sheriff Lamb and his wife, along with their five children, have made San Tan Valley home for the past 13 years. As Sheriff, he focuses a lot of time on youths in the community and supports activities that help them grow into dedicated, successful adults. Spending time in schools, successful jail programs for veterans, young offenders program, and his Youth Redirection Program are just a few of the successful programs that have thrived under his leadership.</p> <p>When the Sheriff has some rare downtime, you can find him enjoying football, spending time with his family, or planning a family trip to a beach. He hopes to inspire people to "Fear Not, Do Right" and have love in their heart for the United States of America, as well as bridge the gap between Law Enforcement and the community through service. His latest projects include authoring the book, "American Sheriff", and launching the "American Sheriff Network" online.</p> <p>Sheriff Mark Lamb - DJT Main Stage</p>

He is 100% committed to America First and President Trump. After Senator James Lankford betrayed President Trump on January 6th, Mr. Lahmeyer stepped up to challenge the RINO Chieftain to preserve and restore President Trump's historic accomplishments.</p> <p>Support his campaign by visiting <a href="http://jacksonlahmeyer.com">jacksonlahmeyer.com</a></p> <p>DJT Ballroom</p>

4:30 Katie Hopkins (introduction to Roger Stone)

PM - 4:30 PM - 4:35 PM

4:35

PM

**Katie Hopkins** is a British journalist best known for her fiercely opinionated, smartly direct, unapologetic style.

Often described as the British Ann Coulter; the female Farage; or Milo's mum, she is, in truth, very much her own woman -- and a very funny one at that.

Katie's speeches, informed by professional journalistic integrity, are delivered with grand hilarity. Her serious key message to our America is: "Do not let yourselves fall as we in Great Britain have fallen!"

Fiercely patriotic, Katie fights hard for her country. She passed out of the Royal Military Academy Sandhurst into the British Army's Intelligence Corps and now does her battles in the media arena. Katie has been the "most read" columnist at DailyMail.com; a regular guest with Sean Hannity; and a familiar face on Tucker Carlson and the Fox News Channel.

President Trump has described her as a respected columnist and thanked her for her work exposing the abject madness of unchecked illegal migration.

Katie is fearless. She spent two days living in "The Jungle", France's notorious migrant camp, shadowing migrants smuggling their way onto trucks bound for the UK. She has walked the no-go streets of Sweden, living and speaking with locals too terrified to go out at night. And she joined African migrants *en route* from Libya to southern Italy, revealing the true horrors awaiting those trafficked for the slave trade.

Spending three weeks with the white farmers of South Africa being systematically cleansed from their land, Katie's feature-length documentary *Plaasmoorde - The Killing Fields* is credited with helping garner President Trump's support for their cause.

A trained economist, she has close to one million followers on Twitter, fills auditoriums wherever she goes, and is the best-selling author of RUDE, her remarkable handbook for life.

Katie describes herself as a Christian conservative, with one husband and three children, qualities she says put her on the international list of endangered species.
