See Note

Keep it discreet. Not really sure this is above board sharing the comments in advance and I don't want it going back to MINO that I have done this. So if you can feed your comments and those of back to me in one go, I will work it up through the system. Also, I mentioned to that if there are background briefing points that we can put into the two page note that goes into the briefing binder to prepare Hussen ahead of time, this will make it easier for everyone concerned. We've been given an advance request for the note too. We can work with the invite material, of course, to prep the Minister, but if you want to be a bit more tailored, then go ahead. We'll cite in the note that we consulted with organizers to prepare the briefing.

Thanks for your patience. Our networks have been offline all day. Here is a confidential copy for your review. Any gaps or points to make would be much appreciated.

Speaking Notes for the Honourable Ahmed Hussen, Minister of Immigration, Refugees and Citizenship

**At the Concordia Annual Summit
Sept. 24, 2018**

About this event: The Minister will make opening remarks at the Concordia Annual Summit “investing in Newcomers and Host Communities” panel discussion.		
Audience: UN leaders, govt officials, global private and public stakeholders	Allotted time: 10 minutes	Media expected: TBC
Summary: <ul style="list-style-type: none"> • Canada’s Private Sponsorship of Refugees Program allows refugees to be sponsored privately by civil society groups and groups of ordinary Canadians. • Our Global Refugee Sponsorship Initiative offers training and public education on the Canadian private sponsorship system and aims to both build on our private sponsorship model and promote the development of new community-based sponsorship programs in other countries. • Through these types of initiatives, the Government of Canada is working with businesses and individuals in our communities to use refugee sponsorship and other innovative partnerships to advance the goals of the Global Compact on Refugees and Migrants. • With our ageing population and low birth rates, Canada knows newcomers are essential to our future prosperity. That is why our government relies on a strong collaboration with partners in both the public and the private sector. • We have with us two Canadians who are proof of the beneficial role that the private sector can have in supporting newcomers. • Successful integration and settlement of newcomers is not only the responsibility of government but must involve all sectors of society, including the private sector. • We believe that the approach Canada has pursued can succeed in other countries.

I realize Minister Hussen's schedule is in flux. If there is a particular time amongst the three I've mentioned here that are likely to work best from your perspective, that would be helpful to know. I'll also send a note to MINO directly to seek their input.

Please let us know what else we can provide to help you make the case on this one!

Thanks,

Taking place on September 24-25, 2018 at the Grand Hyatt New York, the 2018 Concordia Annual Summit is set to be the largest and most inclusive nonpartisan forum alongside the United Nations General Assembly. Bringing together decision-makers and opinion-formers in the public, private and nonprofit sectors, as well as the next generation of partnership-builders, the Annual Summit will advance critical global discussions and transform conversations into action. As our signature gathering, the 2018 Concordia Annual Summit will provide a powerful forum to catalyze action through shared value approaches and social impact objectives.

The departmental machinery is now starting to fire up for UNGA high level week and I have been asked for language to add to the draft Ministerial agenda. If you have a draft of Concordia and/or language on the likely theme and linkages to Hussen that you could give me to insert, this would be very helpful in encouraging MINO and departmental support for participation by Hussen.

This is a great idea!

If we do pursue it, I can invite other corporate actors associated to the Business Refugee Action Network (BRAN) and other private sector contacts associated to impact investing in the UK. Attached please see a note on BRAN, which is associated led by Virgin, Ben and Jerry's, the B Team and IRC.

Let me know how I can help make the dinner a success, and more broadly incorporate businesses and their thinking into our work.

Importance: High

I will put this placeholder into the evolving schedule for the Minister's trip. I just want to confirm that this would be the "Reception and Dinner" event in the current version of the Concept Note, scheduled for 17:30 on Monday the 16th. FYI, calendar is held open only to 17:00, so we would have to see if she were available longer into the day. Are you thinking of other UK Ministers or the other GRSI invited ministers?
